## PROFESSIONAL PROFILE

Detail-oriented electronics and electrical technician with hands-on experience in circuit assembly, testing, and system troubleshooting. Strong background in precise soldering, fault finding, and maintaining industrial electrical equipment. Adept at working with 3-phase AC supplies, electrical wiring, and performing comprehensive electrical diagnostics to ensure optimal performance and safety.

## WORK EXPERIENCE

### Electrical Technician | Stulz | Koparkhairane

*April 2026 – August 2026 (5 months)*

- Maintained and troubleshot electrical systems and equipment.
- Handled electrical diagnostics and system testing.

### Technician | Inginius | Bhiwandi

*2023 – 2024 (6 months)*

- Conducted fault finding and repairing on electronic components.
- Performed precise PCB soldering, assembly, and quality control.

### Electronics Apprentice | Sonodyne | Andheri, Seepz

*2021 – 2022 (1 year)*

- Completed apprenticeship focused on testing, repairing, and soldering amplifiers.
- Assisted in general electronics assembly and diagnostics.

## EDUCATION

- **12th Standard (Science - PCMB)** | New Generation English High School
- **ITI Training Course** | (2019 – 2021)
- **10th Standard**

## **TECHNICAL SKILLS**

- PCB Soldering
- Fault Finding
- Electronics Repairing & Testing
- Circuit Assembly
- Technical Communication
- Working with 3 phase AC supply
- Electrical Wiring & Panel Installation
- Multimeter & Electrical Diagnostics
